Sports coaching company motive8 launched a new inter-school sports competition programme with a primary schools High-5 netball tournament at Marshgate Primary School in Richmond, Surrey.

The motive8 sports competition programme was introduced following requests from primary schools to increase the number of opportunities for young people to take part in competitive sport.

Organized by motive8's project manager for competitions Ayla Hamilton-Bannis, the event involved 72 pupils from eight teams representing five different schools - Marshgate, Kew Riverside, St Mary's Junior's, Sheen Mount and Collis.

Young leaders from Marshgate School, trained by motive8 coaches, helped organise the event, having completed the Young Leaders Award. The full programme will include a different sporting discipline each half term, including football, tag rugby, gymnastics, cheerleading, basketball, tennis and athletics, culminating in a festival of sport at the end of the summer term.
